

Andy
McElhany
COLORADO STATE SENATOR

2830 Orion Drive ■ Colorado Springs, Colorado 80906-1063 ■ 719-473-9400

April 4, 2006

Hello Fellow House District 45 Republican,

It's not often that I write letters of support for candidates for the Colorado State Legislature. But this is a unique time. And as a former Senator for Teller County, I wanted to share my thoughts.

Victor Mitchell, candidate for House District 45, has the potential to be an excellent legislator, and a top-notch representative for Teller and Douglas Counties. Let's give him a chance!

With more than 600 bills to consider each year in the Legislature, you need a representative who's a quick learner and knows how to ask the right questions.

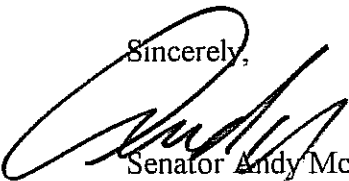

While visiting with Vic in House District 45 and at the State Capitol, I've really gotten to know him. I'm impressed with his knowledge of our state issues, his capacity for gathering facts to make informed decisions, and his ability to bring people together for a common goal.

Vic has 20 years experience as an owner of five successful small businesses. He'll take the communication and management skills he honed there straight to the Legislature.

And, last, but certainly not least, Vic has more energy and enthusiasm about the legislative process than anyone I've met.

I urge you to join me in supporting Victor Mitchell for House District 45 State Representative.

Sincerely,

Senator Andy McElhany
Senate District 12

P.S.: Please go to your county assembly (Teller County on April 8 and Douglas County on April 15) and try to get elected as a delegate to the House District 45 Assembly to be held on April 15. Then vote for Vic Mitchell. Or as he often says, **Pick Vic!!!**
