

MIKE
COFFMAN
FOR SECRETARY OF STATE

April 26, 2006

Dear Fellow Republicans in HD45,

I writing to encourage you to support Victor Mitchell in this district...an outstanding conservative Republican. As a former State Legislator and currently your Colorado State Treasurer, I've had the pleasure and responsibility of working with elected officials across our State. And I'm confident Vic will be among the best.

You know how I value facts on which to base state policy and decisions...from education to taxes to transportation. Vic's successful background in small business and finance will make him very valuable in the legislative process. He has the management and teamwork skills to represent you well among the 100 members of the Colorado General Assembly.

Vic's tireless in visiting with our Republican team members. I've heard from many in both Douglas and Teller counties about how he's called, emailed, visited personally, and written seeking their input on issues important to them.

And, most importantly, Vic will continue staying in close contact with you after he's elected. He's not one of those who'll disappear until the next election cycle. He needs and wants your input.

I hope you'll join me in supporting Vic Mitchell as your next State Representative.

Sincerely,

Mike Coffman
Colorado State Treasurer
